Uncertainty . . . Betrayal
. . . Chaos . . . Disarray . . .

These are but four words
to describe the world,
now that a new mutation
has affected human genetics.

This mutation gives ordinary people
superpowers, classifying them as

'Deviants'.

Five of these Deviants, however,
must work with the government
to mediate between human
and deviant kinds alike.

Will it be enough
to bring peace to both sides?
Or will they remain forever divided?

ANGELIC COMICS presents: AN ANGELIC SPOTLIGHT
